

Welcome to Farm School!

Welcome to our Introduction to Farm School and Fun Farming Basics! This welcome pack is designed to introduce you to the exciting world of farming and agriculture. Inside, you'll find engaging and interactive content, perfect for beginners.

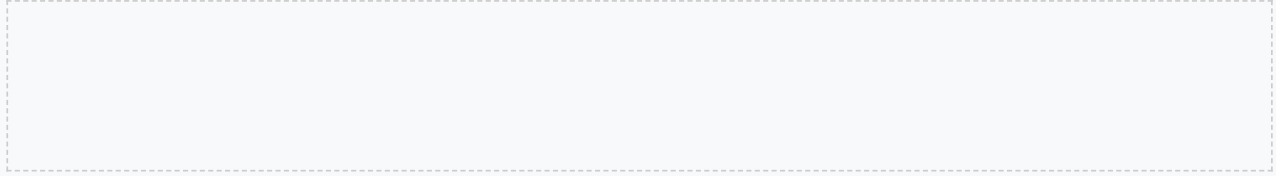

What is Farm School?

Farm school is a program that teaches students about the basics of farming and agriculture. It's a hands-on approach to learning that covers topics such as planting, harvesting, and taking care of animals.

Fun Farming Basics

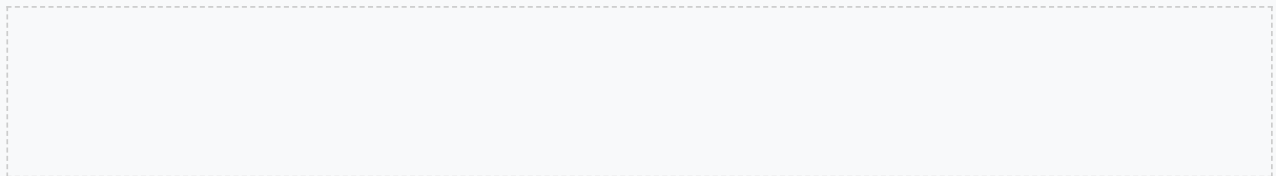

Farming is not just about growing food, it's also about taking care of the environment and being sustainable. In this section, we'll explore the different types of farms, farm animals, and farm products.

Types of Farms

There are many different types of farms, including:

- Dairy farms: where cows are raised for milk and dairy products
- Vegetable farms: where fruits and vegetables are grown
- Livestock farms: where animals such as cows, pigs, and chickens are raised for meat and other products

Farm Animals

Farm animals are an important part of farming. Some common farm animals include:

- Cows: raised for milk and meat
- Pigs: raised for meat
- Chickens: raised for eggs and meat
- Sheep: raised for wool and meat

Farm Products

Farm products are the things that farms produce, such as:

- Fruits and vegetables
- Meat and dairy products
- Eggs
- Wool

Activity 1: Farm Matching Game

Match the farm animal with its product:

- Cow: _____
- Pig: _____
- Chicken: _____
- Sheep: _____

Activity 2: Farm Word Search

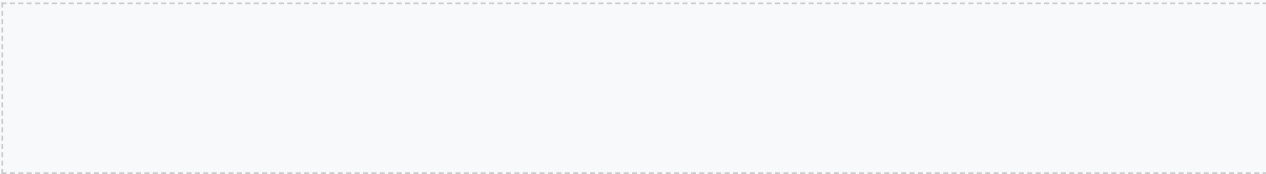

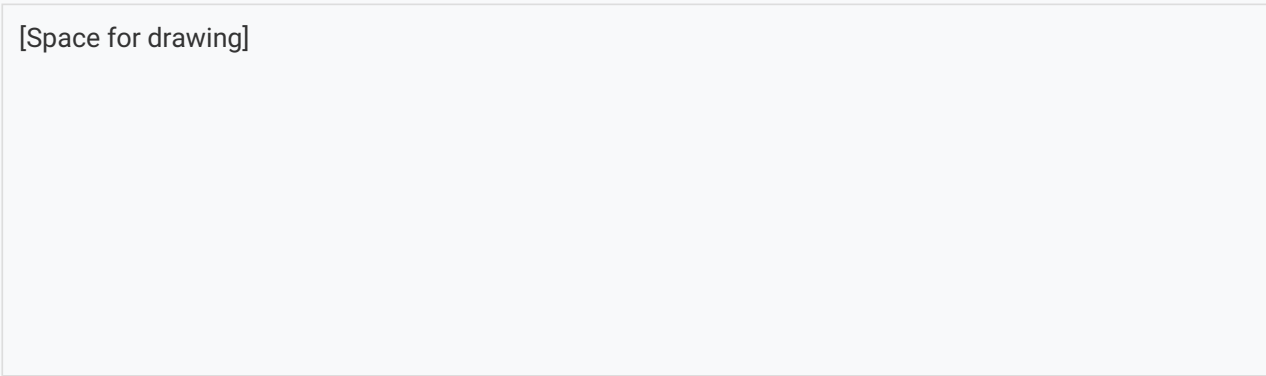

Find the farm-related words in the word search below:

AELMORTCAEHCLOEKGGSCOWSPIGSHEEPIGSCHICKENSTRABBITSFARM
ERSMARTICHOKESCARROTRACTORSFARMING

Activity 3: Farm Drawing

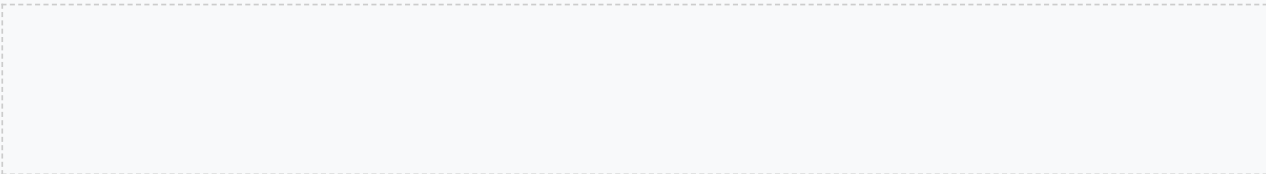

Draw a picture of your favorite farm animal and write a short sentence about why you like it.

[Space for drawing]

Conclusion

We hope you've enjoyed this introduction to farm school and fun farming basics! Remember, farming is an important part of our daily lives, and there's always something new to learn.

Glossary

Here are some important terms to know:

- Agriculture: the practice of growing plants and raising animals for food and other products
- Farm: a piece of land used for growing plants and raising animals
- Livestock: animals raised on a farm for meat, dairy products, and other products
