Exploring Occupations: Discovering Career Paths for 10-Year-Olds

Student Name: _____

Class: _____

Due Date: _____

Introduction

Welcome to the world of occupations! This worksheet is designed to help you learn about different careers and professions. You will have the opportunity to explore various jobs, understand their roles, and develop an appreciation for the contributions of different professionals.

Match the following occupations with their descriptions:

1. Doctor
2. Teacher
3. Engineer
4. Artist
5. Chef

- A) Creates art and designs
- B) Teaches students in a classroom
- C) Builds and designs structures
- D) Cooks and prepares food
- E) Diagnoses and treats patients

Choose an occupation that interests you and research the following:

- Job description
- Required education
- Average salary
- Why this job is important to society

Write a short paragraph about what you learned.

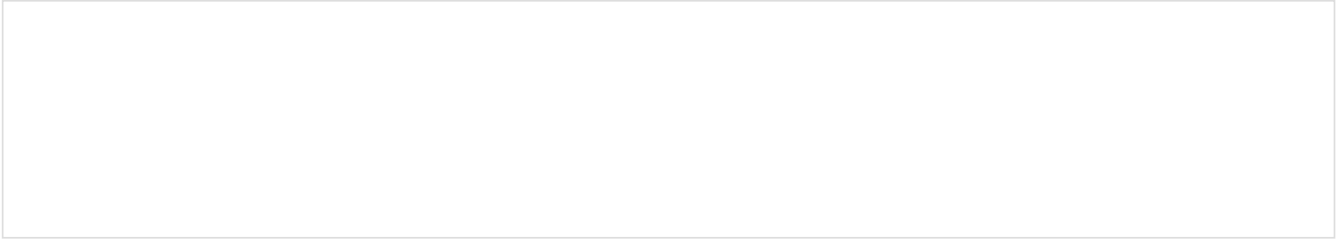

Sort the following occupations into categories (e.g., healthcare, education, technology):

1. Nurse
2. Software Engineer
3. Teacher
4. Doctor
5. Artist

Imagine you are interviewing a professional in your chosen occupation. Write down 5 questions you would ask them:

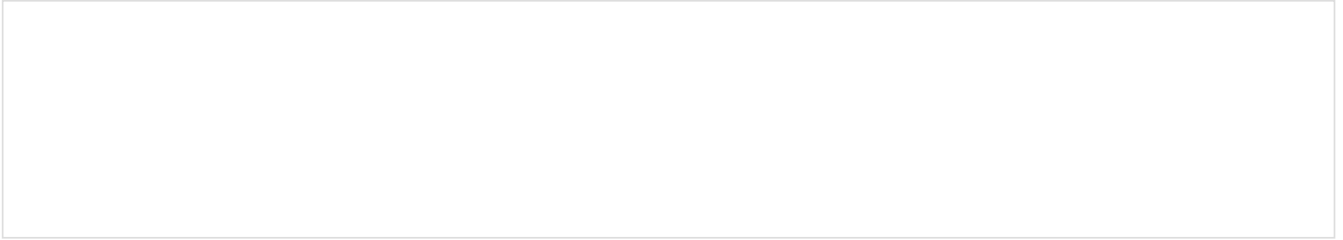

1. _____
2. _____
3. _____
4. _____
5. _____

Draw a picture of your dream occupation and write a short paragraph about why you are interested in this career:

A large, empty rectangular box with a thin black border, intended for a student to draw a picture of their dream occupation and write a short paragraph about why they are interested in it.

Act out an occupation without speaking, and have a classmate guess what it is.

Research and create a diagram showing different career pathways within a chosen sector (e.g., from an intern to a senior manager in the technology sector).

A large, empty rectangular box with a thin grey border, intended for the student to draw a career pathway diagram. It occupies the upper half of the page below the instruction text.

Match the following vocabulary words with their definitions:

1. Career
2. Profession
3. Vocation
4. Job
5. Skill

- A) A long-term occupation or profession
- B) An occupation that requires specialized knowledge
- C) An activity to which a person is especially drawn
- D) A regular activity performed in exchange for payment
- E) The ability to do something that needs practice or training

Reflect on what you have learned about occupations. Write a short essay about:

- What you learned about different occupations
- How this knowledge has influenced your thoughts on future career choices
- What you would like to learn more about

Congratulations! You have completed the Exploring Occupations worksheet. Remember that there are many different careers and professions to explore, and it's essential to find one that aligns with your interests, skills, and values.
