

Habitat Heroes: Biodiversity Exploration

Welcome to Your Habitat Adventure!

Student Name: _____

Date: _____

Amazing Fact!

Did you know? A single tree can be home to over 1,000 different species! That's like having an entire neighborhood in one tree!

Let's Start Our Adventure!

Before we begin exploring habitats, let's think about what we already know:

1. What is a habitat? Write your thoughts below:

2. Name three animals and where they live:

Animal 1:

Lives in:

Animal 2:

Lives in:

Animal 3:

Lives in:

Forest Feelings

Forest Imagination Time

Close your eyes for one minute and imagine you're in a forest. What do you see?

Draw your forest scene here:

Forest Symphony

Circle the sounds you might hear in a forest:

Birds singing

Car horns

Tree leaves rustling

Television

Forest Feelings

Write three words that describe how being in a forest makes you feel:

1. _____

2. _____

3. _____

Habitat Detective

Match the Animal to its Perfect Habitat

 Frog

 Eagle

 Fish

 Bear

 Penguin

 Pond

 Mountains

 Ocean

 Forest

 Ice

What Makes a Good Habitat?

Every animal needs these three things to survive. Fill in the missing letters:

F D

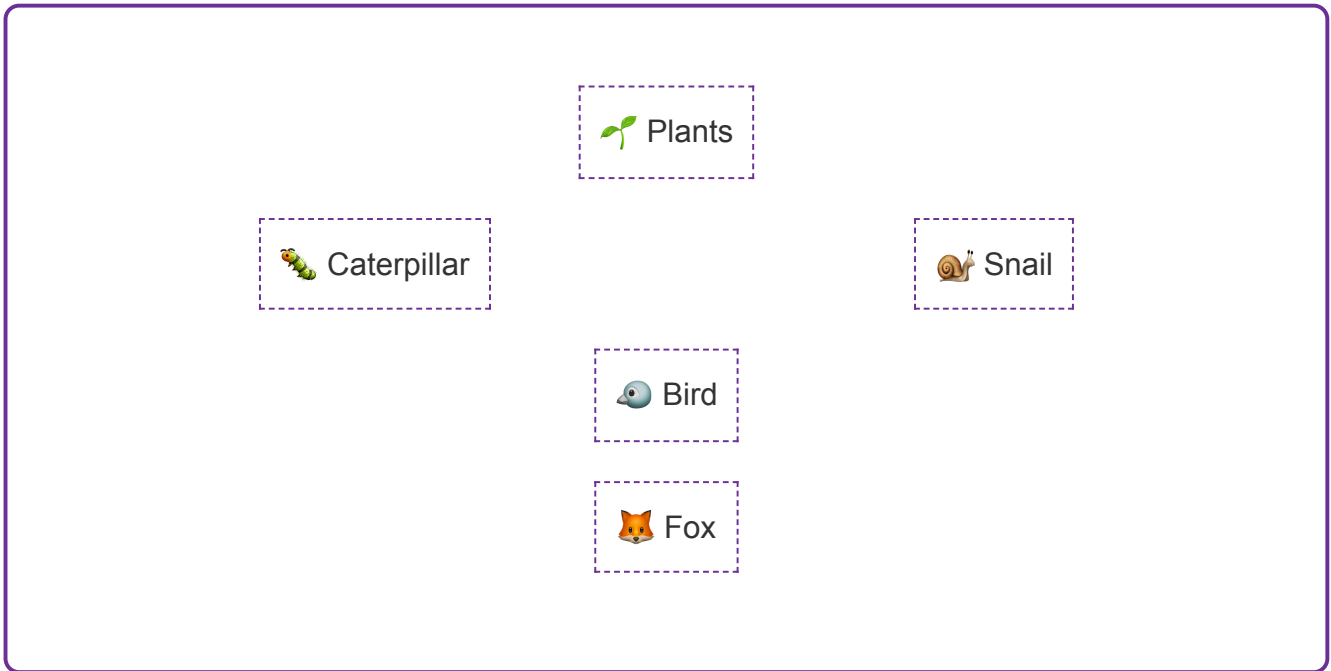

W T R

S L T R

Food Chain Champions

Build Your Food Chain

Draw arrows between the organisms to show who eats whom:

Think About It:

What would happen if all the plants disappeared? Explain:

Weather Watchers

How Weather Affects Habitats

Rainy Day Animals

List 3 animals that love the rain:

1. _____
2. _____
3. _____

Sunny Day Animals

List 3 animals that prefer sunshine:

1. _____
2. _____
3. _____

Habitat Protection Project

Be a Habitat Hero!

Design a poster to help protect your favorite habitat.

Your Poster Should Include:

- ✓ A catchy title
- ✓ Pictures of animals that live there
- ✓ Why this habitat is important
- ✓ How people can help protect it

Reflect on Your Work

Why did you choose this habitat?

What is the biggest threat to this habitat?
