Exploring Colors: A Fun Homework Sheet for 4-Year-Olds

Student Name: _____

Class: _____

Due Date: _____

Introduction to Colors

Color is a way to describe something that we can see, like red, blue, or yellow.

Can you find something in the room that is red?

Can you find something in the room that is blue?

Can you find something in the room that is yellow?

Color Recognition

What color is the sky? _____

What color is the grass? _____

What color is the sun? _____

Can you color the picture of the sun yellow?

Color Mixing

What color do you get when you mix red and blue? _____

What color do you get when you mix blue and yellow? _____

Can you mix two colors together to create a new color?

Try mixing red and yellow to create a new color!

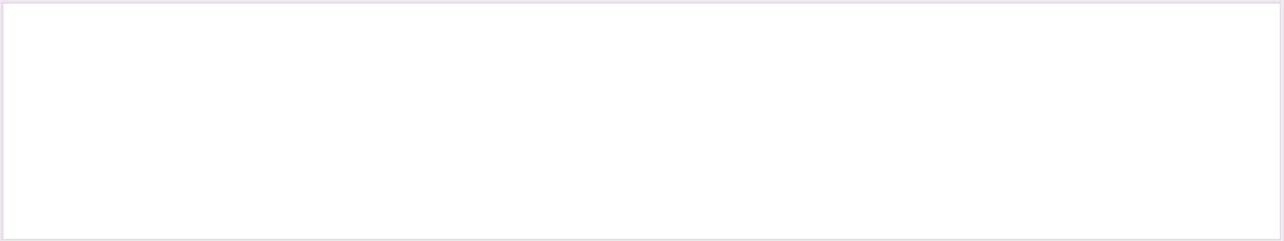

Color Sorting

Sort the objects below by color:

- Red apple
- Blue ball
- Yellow banana
- Green leaf

Can you find something in the room that is the same color as the objects above?

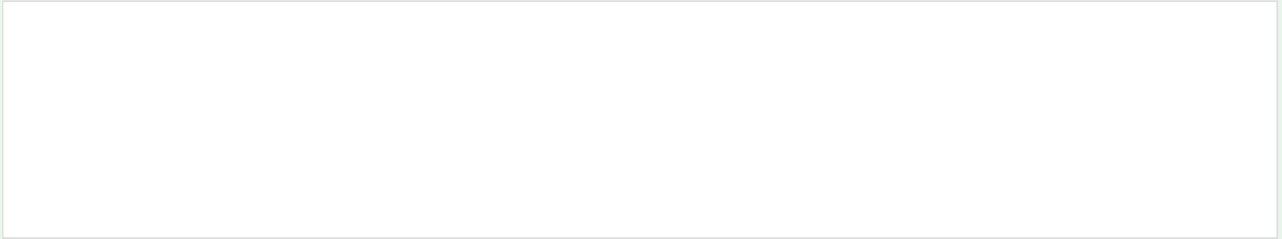

Color Hunt

Go on a color hunt around the room or outside and find objects that match the following colors:

- Red
- Blue
- Yellow
- Green

Draw a picture of each object you find and label it with the correct color.

Color Wheel

Can you create a color wheel using the primary colors (red, blue, and yellow)?

What colors can you create by mixing the primary colors?

Try creating a color wheel using paint, markers, or colored pencils!

Color Patterns

Create a color pattern using the primary colors (red, blue, and yellow):

Red, blue, yellow, red, blue, yellow

Can you create a new color pattern using the primary colors?

Try using different colors and patterns to create a unique design!

A large, empty rectangular box with a thin grey border, intended for a student to draw a color pattern. The box is white and occupies the lower half of the instruction area.

How do you feel when you see the color red? _____

How do you feel when you see the color blue? _____

How do you feel when you see the color yellow? _____

Can you create a picture that shows how you feel when you see each color?

A large, empty rectangular box with a thin black border, intended for a drawing or illustration. It occupies the lower half of the worksheet's main content area.

Color Review

What are the primary colors? _____

What color do you get when you mix red and blue? _____

What color do you get when you mix blue and yellow? _____

Can you name one object that is the same color as each of the primary colors?

Conclusion

Congratulations! You have completed the color homework sheet!

Remember, colors are all around us and can be used to create and express ourselves.

Keep exploring and learning about colors!
