Welcome to the Amazing Amazon Rainforest!

The Amazon rainforest is like a giant natural city where lots of animals and plants live together! It's so big, it could fit the whole United States inside it!

🌟 Fun Fact: One big tree in the Amazon can give us as much water as 1,000 water bottles every day!

**Draw what you think the Amazon rainforest looks like:**

## Why Trees Are Important

Trees are like superheroes! They help us in many ways:

- They give us clean air to breathe
- They make homes for animals
- They help make rain
- They keep our planet cool

**Color and label the parts of a tree:**

Draw a tree and label: Leaves, Trunk, Roots

🌟 Fun Fact: Scientists think there might be millions of different types of plants and animals in the Amazon that they haven't even found yet!

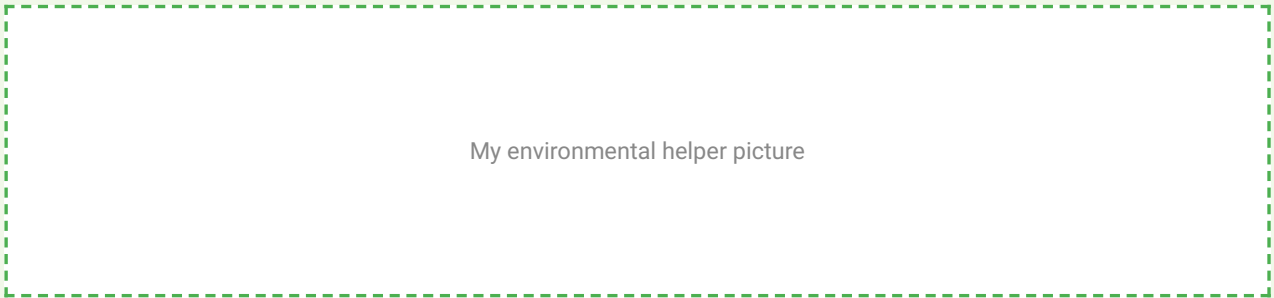

## Helping Our Rainforests

### What can we do to help protect the rainforest?

Circle the things you can do:

- Use less paper 📄✍️
- Plant trees in your community 🌱
- Learn about recycling ♻️
- Tell others about protecting forests 🗣️
