### Introduction

Welcome to this exciting activity where you will get to know yourself and your classmates better. In this homework assignment, you will explore your personal interests and hobbies, and share them with others. This activity is designed for students aged 9-10 years and is estimated to take 30-40 minutes to complete.

## Section 1: Reflection and Brainstorming

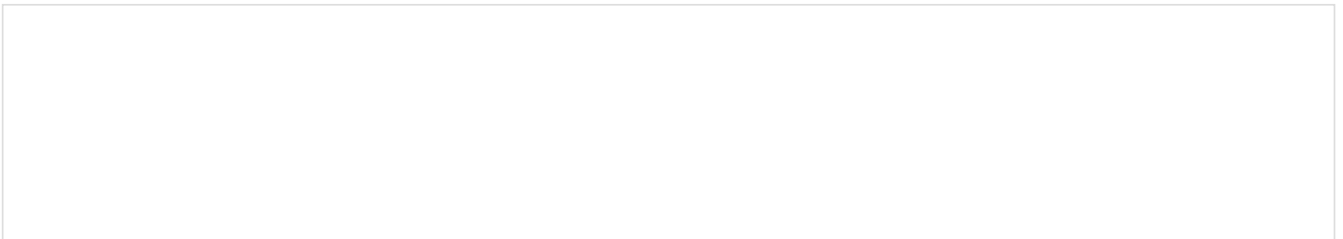

1. Take a few minutes to think about your favorite hobbies and interests. What do you enjoy doing in your free time? What activities make you happy?
2. Write down as many of your hobbies and interests as you can think of. Don't worry about spelling or grammar at this stage, just let your ideas flow.

## Activity 1: My Hobby Web

Create a web of your hobbies and interests. Start with a central idea (your name or a picture of yourself) and branch out to different hobbies and interests.

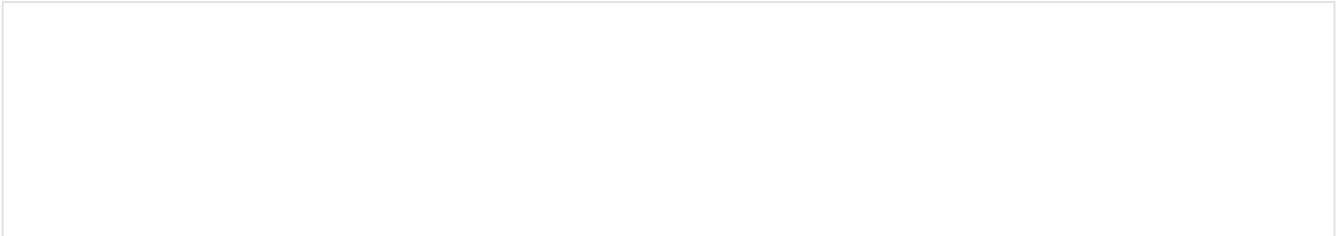

- Draw a picture of yourself in the center of the page
- Write down your hobbies and interests around the picture
- Use lines or arrows to connect your hobbies and interests to the center picture

## Section 2: Creative Expression

Choose one hobby or interest that you are particularly passionate about. Create a visual representation of your chosen hobby or interest. This could be a drawing, a short poem, or even a small collage.

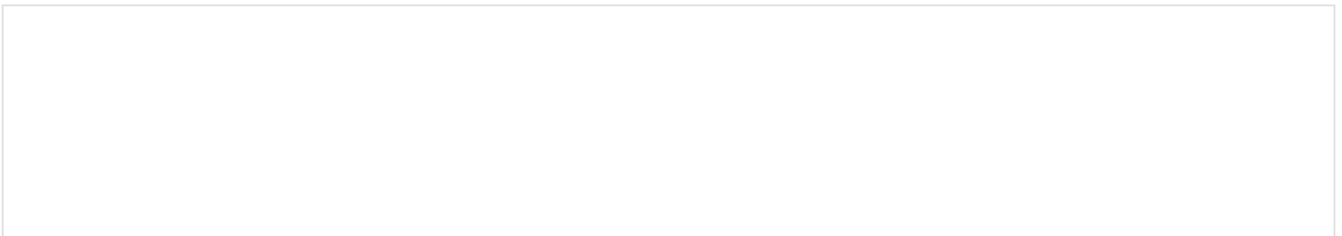

1. What is your favorite hobby or interest?
2. Why is it important to you?
3. Draw a picture or create a collage that represents your hobby or interest

## Activity 2: Interview a Friend

Choose a friend or family member and interview them about their hobbies and interests. Prepare a list of questions in advance, such as:

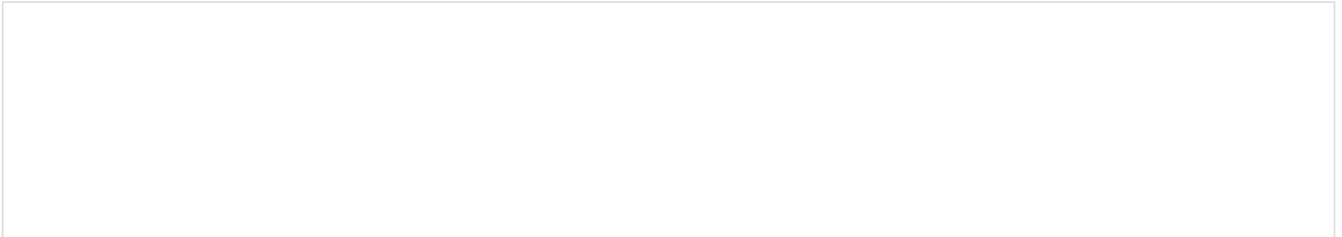

- What do you like to do in your free time?
- Why do you enjoy [specific hobby]?
- What do you like to do with your friends?

### Section 3: Sharing and Reflection

Write a short paragraph (about 100-150 words) explaining why your chosen hobby or interest is important to you. What do you enjoy about it? How does it make you feel?

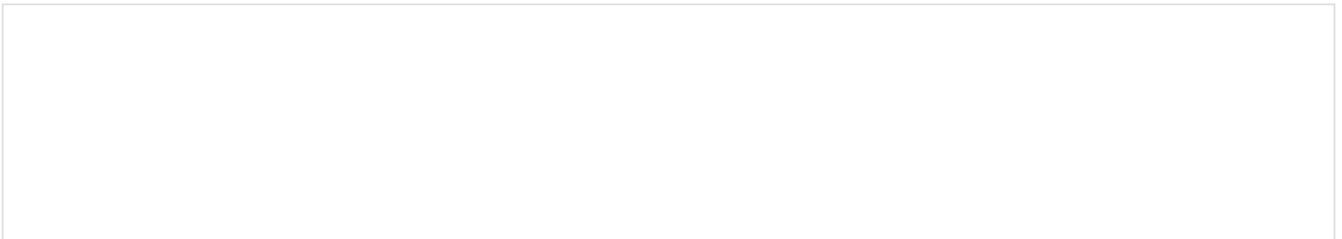

1. What did you learn about yourself and your hobbies and interests?
2. How do you think your hobbies and interests make you unique?
3. Write a short reflection about what you learned

### Activity 3: Class Mural

Imagine you are contributing to a class mural that represents all the different hobbies and interests of your classmates. Draw or paint a section that represents your favorite hobby or interest. Include a short caption explaining your contribution.

- Draw a picture of your favorite hobby or interest
- Write a short caption explaining why you chose this hobby or interest
- Imagine how your section can connect or complement others in the mural
