

Introduction

Welcome to Our Journey of Discovery!

Welcome to our exciting journey of discovery, where we will explore the wonderful world of trains and other cool vehicles! In this pack, we will learn about different types of vehicles, their uses, and how they help us in our daily lives.

Section 1: Getting to Know Trains and Vehicles

What is a Train?

A train is a self-propelled vehicle on rails, used for transporting people or goods.

What are Some Other Types of Vehicles?

Cars, buses, airplanes, and boats are all types of vehicles that help us get around.

Activity 1: Vehicle Matching

Match the Vehicles with Their Corresponding Pictures

Vehicle	Picture
Car	
Bus	
Train	
Airplane	

Section 2: Train Types and Uses

What are Some Different Types of Trains?

Passenger trains, freight trains, and high-speed trains are all types of trains that serve different purposes.

What are Some Uses of Trains?

Trains can transport people, goods, and services from one place to another.

Activity 2: Train Diagram

Label the Different Parts of a Train

Part	Label
Engine	
Cars	
Wheels	
Tracks	

Section 3: Vehicle Safety and Rules

What are Some Basic Vehicle Safety Rules?

Wearing seatbelts, following traffic lights, and being aware of road signs are all important safety rules.

Why is it Important to Follow Rules and Regulations When Using Vehicles?

Following rules and regulations helps keep us safe and prevents accidents.

Activity 3: Safety Poster

Create a Poster About Vehicle Safety Rules

[Space for poster creation]

Section 4: Designing and Building Vehicles

What are Some Different Materials We Can Use to Build Vehicles?

Blocks, LEGO, and cardboard are all materials we can use to build vehicles.

What are Some Things to Consider When Designing and Building a Vehicle?

We need to think about the purpose of the vehicle, the materials we will use, and how it will move.

Activity 4: Vehicle Design

Design and Build Your Own Vehicle Using the Materials Provided

[Space for vehicle design]

Conclusion

We Hope You Enjoyed Learning About Trains and Other Cool Vehicles!

Remember to always follow safety rules and regulations when using vehicles, and don't be afraid to think creatively and design your own vehicles.

Assessment

Answer the Following Questions

1. What is a train?

2. What are some different types of vehicles?

3. What are some uses of trains?

4. Why is it important to follow safety rules and regulations when using vehicles?

Extension Activity

Create a Model of Your Favorite Vehicle Using Recycled Materials

[Space for model creation]
