## Reading Text

Welcome to the exciting world of Roblox! This popular online platform lets players enjoy thousands of different games. When you join Roblox, you create your own special character called an avatar. You can dress your avatar in cool clothes and give them fun accessories.

In Roblox, there are many amazing games to play. One favorite game is "Adopt Me!" where you can take care of cute virtual pets and build a lovely home. Another exciting game is "Jailbreak," where you can choose to be a police officer or a criminal. Many players also love "Brookhaven," where you can pretend to live a different life, drive cars, and own houses.

To buy special items in Roblox, you need virtual money called Robux. While many games are free to play, some special features cost Robux. The most important thing in Roblox is being safe and kind to other players. You should never share personal information and always follow the community rules.
