Question 5

[8 marks]

What is the purpose of using a color wheel in art? Explain how it can be used to create harmonious color schemes.

Question 6

[8 marks]

Describe the characteristics of the Impressionist art style. Provide an example of an artist who worked in this style.

Question 7

[10 marks]

Create a simple still-life drawing using primary colors. Consider the principles of composition, line, shape, and color when creating your drawing.

A large, empty rectangular box with a dashed border, intended for a drawing.

Marking Guide

The marking guide will consist of clear rubrics and answer keys for each section.

- Multiple Choice Questions: 1 point for each correct answer, 0 points for each incorrect answer
- Short Answer Questions: 4 points for each question (2 points for content knowledge, 1 point for clarity and coherence, 1 point for creativity and originality)
- Project-Based Task: 10 points (4 points for technical skill, 3 points for creativity and originality, 3 points for understanding of art elements)

Implementation Guidelines

The assessment will be administered in a 45-minute class period. Students will be provided with a pencil, eraser, and paper for the multiple-choice and short-answer sections. For the project-based task, students will be provided with a still-life setup, paper, and primary-colored markers or paints.

Differentiation Options and Feedback Opportunities

To accommodate diverse learners, the following differentiation options can be implemented:

- For students with visual impairments: provide large-print or braille versions of the assessment, offer assistive technology
- For students with learning disabilities: provide extra time to complete the assessment, offer a reader or scribe
- For English language learners: provide a bilingual version of the assessment, offer a graphic organizer

The assessment will provide opportunities for feedback through immediate feedback on multiple-choice questions, written feedback on short-answer questions, and verbal feedback on the project-based task.
