

## Introduction to Ancient Egypt

Welcome to this exciting journey through time, where we will explore the fascinating world of Ancient Egypt and its significant contributions to modern civilization. This worksheet is designed for 14-year-old students in the UK, aligning with the primary school curriculum. Throughout this activity, you will discover the remarkable achievements of Ancient Egypt and how they have shaped our modern world.

Ancient Egypt was a civilization that thrived along the Nile River in northeastern Africa for more than 3,000 years. It was a time of great achievement and innovation, with significant contributions to architecture, medicine, mathematics, and governance. In this worksheet, we will delve into the world of Ancient Egypt and explore its cultural achievements and contributions to modern civilization.

## Foundation Activity - Ancient Egyptian Timeline

Create a simple timeline of major events in Ancient Egyptian history, including the construction of the Pyramids, the reign of Ramses II, and the discovery of King Tut's tomb.

- 2580 BCE: Construction of the Great Pyramid of Giza
- 1279 BCE: Reign of Ramses II
- 1323 BCE: Discovery of King Tut's tomb

## Core Activity - Ancient Egyptian Contributions

Match the following Ancient Egyptian contributions with their modern equivalents:

1. Architecture
  - Pyramids
  - Temples
  - Obelisks
2. Medicine
  - Treatments for injuries
  - Surgical procedures
  - Herbal remedies
3. Mathematics
  - Geometry
  - Algebra
  - Astronomy
4. Governance
  - Pharaohs
  - Laws
  - Bureaucracy

## Extension Activity - Design an Ancient Egyptian-Inspired Innovation

Design and create a modern innovation inspired by Ancient Egyptian achievements, such as a sustainable irrigation system or a medical device.

Draw a simple design for your innovation, including a brief description of its purpose and function.

[Space for design]

## Foundation Activity - Ancient Egyptian Gods and Goddesses

*Match the following Ancient Egyptian gods and goddesses with their roles:*

1. Ra - Sun god
2. Isis - Mother goddess
3. Anubis - God of mummification
4. Imhotep - God of medicine

## Core Activity - Ancient Egyptian Medicine

*Research and write a short essay (approx. 250-300 words) on the significance of Ancient Egyptian medicine and its contributions to modern medical practices.*

**Essay:**

[Space for essay]

## Extension Activity - Ancient Egyptian Architecture

*Design and create a model of an Ancient Egyptian architectural wonder, such as the Pyramids or the Temple of Karnak.*

Draw a simple design for your model, including a brief description of its purpose and function.

[Space for design]

## Foundation Activity - Ancient Egyptian Hieroglyphics

*Learn to read and write simple hieroglyphics, using the following symbols:*

- Ankh (life)
- Was (power)
- Djed (stability)

## Core Activity - Ancient Egyptian Governance

*Research and write a short essay (approx. 250-300 words) on the system of governance in Ancient Egypt, including the role of pharaohs, nobles, and peasants.*

### Essay:

[Space for essay]

## Extension Activity - Ancient Egyptian Legacy

*Research and create a multimedia presentation (approx. 5-7 minutes) on the legacy of Ancient Egypt, including its contributions to modern civilization and its continued influence on contemporary society.*

Create a simple presentation, including images and text, on the basic principles of Ancient Egyptian legacy.

[Space for presentation]

## Conclusion

---

*Reflect on what you have learned about Ancient Egypt's cultural achievements and contributions to modern civilization. Consider the following questions:*

1. What were the most significant contributions of Ancient Egypt to modern civilization?
2. How have Ancient Egyptian achievements influenced contemporary society?
3. What can we learn from Ancient Egyptian culture and history?

## Exploring Ancient Egyptian Daily Life

*Research and write a short essay (approx. 250-300 words) on the daily life of Ancient Egyptians, including their social hierarchy, occupations, and leisure activities.*

### Essay:

[Space for essay]

## Ancient Egyptian Art and Architecture

*Create a visual project (e.g., poster, infographic, or drawing) that showcases the key features of Ancient Egyptian art and architecture, including the use of hieroglyphics, symbolism, and monumental structures.*

Create a simple visual project, including images and text, on the basic principles of Ancient Egyptian art and architecture.

[Space for project]

## Ancient Egyptian Mythology

---

*Research and write a short essay (approx. 250-300 words) on the mythology of Ancient Egypt, including the roles of gods and goddesses, creation myths, and the afterlife.*

### Essay:

[Space for essay]

## Ancient Egyptian Mummification

---

*Create a step-by-step guide on the process of Ancient Egyptian mummification, including the removal of internal organs, treatment of the body, and wrapping of the body.*

Create a simple guide, including images and text, on the basic steps of Ancient Egyptian mummification.

[Space for guide]

## Ancient Egyptian Trade and Commerce

---

*Research and write a short essay (approx. 250-300 words) on the trade and commerce of Ancient Egypt, including the importance of the Nile River, trade routes, and goods traded.*

### Essay:

[Space for essay]

## Ancient Egyptian Science and Technology

---

*Create a visual project (e.g., poster, infographic, or drawing) that showcases the key scientific and technological achievements of Ancient Egypt, including medicine, mathematics, and engineering.*

Create a simple visual project, including images and text, on the basic principles of Ancient Egyptian science and technology.

[Space for project]

## Ancient Egyptian Social Hierarchy

*Research and write a short essay (approx. 250-300 words) on the social hierarchy of Ancient Egypt, including the roles of pharaohs, nobles, priests, and peasants.*

### Essay:

[Space for essay]

## Ancient Egyptian Women's Roles

*Create a visual project (e.g., poster, infographic, or drawing) that showcases the roles and contributions of women in Ancient Egyptian society, including their participation in religion, economy, and family life.*

Create a simple visual project, including images and text, on the basic principles of Ancient Egyptian women's roles.

[Space for project]

## Ancient Egyptian Education

*Research and write a short essay (approx. 250-300 words) on the education system of Ancient Egypt, including the role of scribes, schools, and apprenticeships.*

### Essay:

[Space for essay]

## Ancient Egyptian Entertainment

*Create a visual project (e.g., poster, infographic, or drawing) that showcases the forms of entertainment in Ancient Egyptian society, including music, dance, and board games.*

Create a simple visual project, including images and text, on the basic principles of Ancient Egyptian entertainment.

[Space for project]

## Ancient Egyptian Legacy

---

*Research and write a short essay (approx. 250-300 words) on the legacy of Ancient Egypt, including its contributions to modern civilization and its continued influence on contemporary society.*

### Essay:
