

Introduction to Global Challenges

Please answer the following questions:

1. What are some of the major global challenges that you are aware of? (List at least 3)

2. How do you think these challenges affect different countries and communities around the world?

3. What role do you think individuals can play in addressing global challenges?

Activity 1: Mapping Global Challenges

Use a world map to identify and mark areas affected by different global challenges such as climate change, poverty, and conflict.

Discuss with a partner or in a small group how these challenges are interconnected and impact different regions.

Understanding International Organizations

Please answer the following questions:

1. What is the main purpose of the United Nations (UN)?

2. Can you name at least two other international organizations and their primary functions?

3. How do international organizations contribute to addressing global challenges?

Activity 2: International Organization Profiles

Research and create a profile of an international organization of your choice (e.g., WHO, IMF, UNICEF).

Include its mission, structure, and notable achievements in addressing global challenges.

Global Governance and International Law

Please answer the following questions:

1. What is global governance, and why is it important?

2. How do international laws and treaties impact global challenges?

3. Can you give an example of an international law or treaty that addresses a specific global challenge?

Activity 3: Mock Trial

Participate in a mock trial where you argue for or against an international law or treaty related to a global challenge.

Discuss the implications of the law or treaty on different countries and communities.

Sustainable Development and Global Citizenship

Please answer the following questions:

1. What are the Sustainable Development Goals (SDGs), and why are they important?

2. How can individuals contribute to achieving the SDGs?

3. What role do international organizations play in promoting sustainable development?

Activity 4: SDG Challenge

Choose an SDG and design a project or campaign to address it.

Present your project to the class and discuss how it contributes to achieving the SDG.

Global Challenges and Personal Action

Please answer the following questions:

1. What are some ways that you can contribute to addressing global challenges in your daily life?

2. How can you raise awareness about global challenges and inspire others to take action?

3. What role do you think social media plays in addressing global challenges?

Activity 5: Personal Action Plan

Create a personal action plan to address a global challenge that you are passionate about.

Share your plan with a partner or in a small group and discuss how you can support each other in taking action.

Case Studies

Read the following case studies:

1. The UN's response to the COVID-19 pandemic

2. The WHO's efforts to address climate change

3. The IMF's role in addressing economic inequality

Analyze the effectiveness of the international organization's response to the global challenge.

Activity 6: Case Study Analysis

Choose a case study and analyze the international organization's response to the global challenge.

Present your analysis to the class and discuss potential improvements.

Global Challenges and International Organizations Quiz

Please answer the following questions:

1. What is the primary purpose of the UN?

2. Which international organization is responsible for global health issues?

3. What is the main goal of the SDGs?

Activity 7: Quiz

Take the quiz and check your answers with a partner or in a small group.

Discuss any questions that you got wrong and how you can improve your understanding.

Reflection and Action

Please answer the following questions:

1. Reflect on what you have learned about global challenges and international organizations.

2. What actions can you take to address global challenges in your daily life?

3. How can you continue to learn more about global challenges and international organizations?

Activity 8: Reflection and Action Plan

Write a reflection on what you have learned and what actions you plan to take to address global challenges.

Share your reflection with a partner or in a small group and discuss how you can support each other in taking action.

Additional Resources

List of recommended books and articles on global challenges and international organizations:

- Book 1: "The United Nations and Global Challenges"

- Article 1: "The Impact of Climate Change on Global Food Security"

Websites and online resources for further learning:

- UN Website: <https://www.un.org/>

- WHO Website: <https://www.who.int/>

Activity 9: Resource Sharing

Share a resource that you found helpful with a partner or in a small group.

Discuss how the resource can be used to address global challenges.

Conclusion

Please answer the following questions:

1. What did you learn about global challenges and international organizations?

2. How can you apply what you learned to address global challenges in your daily life?

3. What actions will you take to continue learning about global challenges and international organizations?

Activity 10: Conclusion

Write a conclusion on what you learned and how you plan to apply it.

Share your conclusion with a partner or in a small group and discuss how you can support each other in addressing global challenges.
