

Student Name: _____

Class: _____

Due Date: _____

Introduction and Instructions

Welcome to the Digital Literacy Basics homework sheet! In this exciting activity, you will learn about the fundamental components of a computer and their roles in the digital world. Please follow these steps to complete this assignment:

1. Read and understand each section carefully.
2. Gather materials: pencil, eraser, paper, and a computer or tablet with internet access (optional).
3. Complete activities and have fun!
4. Check your work and review the success criteria.
5. Ask for help if needed.

Activity 1 - Computer Parts Scavenger Hunt

Objective: Identify and name the basic parts of a computer.

Instructions:

1. Look at the pictures or diagrams of computers provided.
2. Identify and label the following parts: monitor, keyboard, mouse, and CPU (central processing unit).
3. Write a short sentence describing the function of each part.

Example:

- Monitor: _____
- Keyboard: _____
- Mouse: _____
- CPU: _____

Activity 2 - Drawing Your Dream Computer

Objective: Apply understanding of computer parts to design a dream computer.

Instructions:

1. Imagine you can design any computer you want.
2. Draw a picture of your dream computer, including the parts you learned about (monitor, keyboard, mouse, CPU).
3. Add any additional features you think would be cool or useful.
4. Write a short paragraph explaining why you chose to include each feature.

Activity 3 - Matching Game

Objective: Reinforce knowledge of computer parts and their functions through a matching game.

Instructions:

1. Match the computer parts (monitor, keyboard, mouse, CPU) with their correct functions.
2. Use the sentences from Activity 1 as references.
3. Create flashcards or use an online tool to make it more engaging.

Computer Part	Function
Monitor	_____
Keyboard	_____
Mouse	_____
CPU	_____

Extension Activity - Create a Computer Song or Rap

Objective: Creatively express understanding of computer parts through music.

Instructions:

1. Write a short song or rap about the parts of a computer and their functions.
2. Use the information from the main activities as inspiration.
3. Consider recording yourself and sharing with the class or family members.

Extension Activity - Research and Present

Objective: Dive deeper into one computer part and present findings.

Instructions:

1. Choose one part of the computer that interests you the most.
2. Research more about it using books, the internet, or by asking experts.
3. Prepare a short presentation (can be a video, slide show, or oral presentation) to share with your class or family about what you learned.

Success Criteria and Conclusion

To successfully complete this assignment, ensure you:

- Correctly identify and describe the basic parts of a computer (monitor, keyboard, mouse, CPU).
- Demonstrate an understanding of the function of each part through your activities.
- Complete all main activities and at least one extension activity if time allows.
- Show creativity and effort in your drawings, writings, and presentations.

Congratulations on completing the Digital Literacy Basics homework sheet! Remember to ask for help if needed and have fun exploring the world of technology!
