

Welcome Forest Explorer!

Today we're going to learn about forests and how we can protect them. Get ready for an exciting adventure!

Did you know? Trees provide homes for over 80% of Earth's land animals!

1. Forest Detective Game

Look at the items below. Circle the ones that come from trees:

Notebook

Wooden Chair

Cotton T-shirt

Cardboard Box

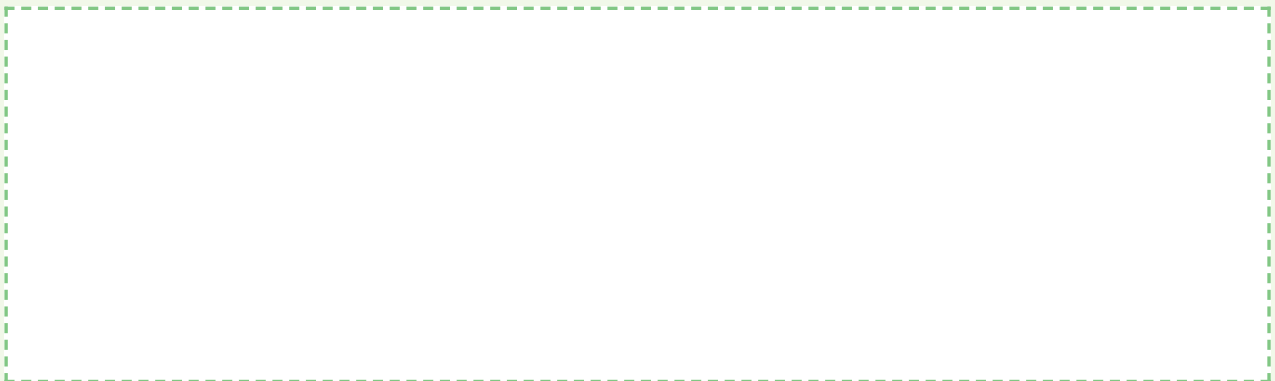

Plastic Cup

Newspaper

2. Forest Animal Home Match

Draw a line connecting each animal to its forest home:

3. Tree Benefits Challenge

Fill in the blanks with words from the word bank:

Word Bank: oxygen, homes, paper, clean, shade, fruits

1. Trees give us _____ to breathe.
2. Animals use trees as their _____.
3. We make _____ from trees.
4. Trees help keep our air _____.
5. Trees give us _____ on hot days.
6. Some trees give us _____ to eat.

4. Forest Math Fun

Solve these tree-rific math problems:

1. If one tree makes oxygen for 4 people, how many trees are needed for 20 people?

2. A forest loses 40 trees each minute. How many trees are lost in 5 minutes?

5. Design Your Dream Forest

Draw and label your perfect forest. Include at least 5 different animals and 3 types of trees:

6. Forest Protection Pledge

Check the actions you promise to take to help protect our forests:

- ☐ I will use both sides of paper when drawing
- ☐ I will recycle paper and cardboard
- ☐ I will plant a tree with my family
- ☐ I will learn more about forests
- ☐ I will tell others about protecting trees
- ☐ I will use reusable bags instead of paper bags

7. Water Cycle Explorer

Draw arrows to show how water moves through the forest. Label: evaporation, condensation, precipitation

8. Forest Story Time

Write a short story about a day in the life of a tree. What does it see? How does it help others?

What I Learned Today

1. The most interesting thing I learned was:

2. One way I can help protect forests is:

3. Questions I still have about forests:
