Conclusion

This diagnostic assessment is designed to evaluate your reading comprehension and basic math operations skills. Remember to read each question carefully and answer to the best of your ability.

Teacher's Guide

Administer the assessment in a 30-minute session

Provide clear instructions and ensure students have the necessary materials and equipment

Monitor students during the assessment and provide support as needed

Collect the assessment materials at the end of the session

Differentiation Options

For students with visual impairments: large print or braille versions of the assessment materials

For students with hearing impairments: audio versions of the assessment materials

For English language learners: bilingual versions of the assessment materials or the use of visual aids

For students with learning difficulties: extra time to complete the assessment or the use of assistive technology

Answer Key

Question 1: Emma	Question 2: The forest
Question 3: [Insert answer]	Question 4: 4
Question 5: 4	Question 6: 15
Question 7: 3	Question 8: [Insert answer]
Question 9: [Insert answer]	Question 10: 3
