

Introduction to Environmental Awareness

Read the following introduction and answer the questions that follow:

Welcome to the Environmental Awareness and Conservation Worksheet! This worksheet is designed to help you learn about the importance of taking care of our planet and how you can make a positive impact on the environment. Throughout this worksheet, you will find questions, activities, and games that will help you understand the causes and effects of environmental degradation and what you can do to help.

1. What is the main purpose of this worksheet?

2. What will you learn about in this worksheet?

Environmental Problems

Answer the following questions:

1. What is the main cause of climate change?

2. What is the impact of pollution on marine life?

Activity 1: Environmental Sorting Game

Sort the following items into two categories: "Positive Impact" and "Negative Impact".

- Using public transport
- Using single-use plastics
- Recycling
- Deforestation
- Using renewable energy
- Pollution

Category	Item
	Using public transport
	Using single-use plastics
	Recycling
	Deforestation
	Using renewable energy
	Pollution

Conservation

Answer the following questions:

1. What is conservation?

2. Why is conservation important?

Activity 2: Conservation Match

Match the following conservation efforts with their descriptions.

- Recycling
- Reducing energy consumption
- Reusing bags
- Conserving water

Conservation Effort	Description
Recycling	
Reducing energy consumption	
Reusing bags	
Conserving water	

Environmental Impact

Answer the following questions:

1. What is the impact of human actions on the environment?

2. How can we reduce our environmental impact?

Activity 3: Environmental Footprint

Calculate your environmental footprint by answering the following questions:

1. Do you use public transport or walk/bike to school?

2. Do you recycle at home?

3. Do you turn off lights and electronics when not in use?

Renewable Energy

Answer the following questions:

1. What is renewable energy?

2. What are some examples of renewable energy sources?

Activity 4: Renewable Energy Match

Match the following renewable energy sources with their descriptions.

- Solar power
- Wind power
- Hydro power

Renewable Energy Source	Description
Solar power	
Wind power	
Hydro power	

Sustainable Living

Answer the following questions:

1. What is sustainable living?

2. How can we live sustainably?

Activity 5: Sustainable Living Tips

Write down five tips for living sustainably:

1. _____

2. _____

3. _____

4. _____

5. _____

Environmental Awareness

Answer the following questions:

1. Why is environmental awareness important?

2. How can we raise environmental awareness?

Activity 6: Environmental Awareness Poster

Create a poster to raise environmental awareness. Include the following:

- A picture or image related to the environment
- A slogan or message about environmental awareness
- A list of ways to help protect the environment

[Space for poster]

Environmental Conservation

Answer the following questions:

1. What is environmental conservation?

2. Why is environmental conservation important?

Activity 7: Environmental Conservation Match

Match the following environmental conservation efforts with their descriptions.

- Recycling
- Reducing energy consumption
- Reusing bags
- Conserving water

Conservation Effort	Description
Recycling	
Reducing energy consumption	
Reusing bags	
Conserving water	

Environmental Impact Reduction

Answer the following questions:

1. How can we reduce our environmental impact?

2. What are some ways to reduce energy consumption?

Activity 8: Environmental Impact Reduction Tips

Write down five tips for reducing environmental impact:

1. _____

2. _____

3. _____

4. _____

5. _____

Environmental Awareness and Conservation

Answer the following questions:

1. Why is environmental awareness and conservation important?

2. How can we promote environmental awareness and conservation?

Activity 9: Environmental Awareness and Conservation Poster

Create a poster to promote environmental awareness and conservation. Include the following:

- A picture or image related to the environment
- A slogan or message about environmental awareness and conservation
- A list of ways to help protect the environment

[Space for poster]

Conclusion

Congratulations on completing the Environmental Awareness and Conservation Worksheet! We hope you have learned something new and will make a positive impact on the environment.

Remember, every small action counts, and together we can make a difference!
